Director for Communications**

Insurance Charges - [REDACTED]

25X1A

1. The attached papers indicate that the New York office of Wailectric Services, Inc. made an administrative error in procuring insurance on the subjects automobile and household effects which partially duplicated insurance he had already purchased and against his specific request.

2. Since there appears to be no legal basis for the creation of this obligation on behalf of the subject individual, it is requested that he be relieved of responsibility and that the amount be charged off as an operational loss.

[REDACTED] **25X1A**
